

PROPOSES A RUM RUNNING TREATY

United States Offers Pact to Settle
Objections of Other Powers to
Regulations

HAS TWO BROAD OBJECTS

Would Extend Sovereignty of Amer-
ica to 12 Miles and Would Per-
mit Ration Liquor

(By United Press)
Washington, June 13.—The United States has proposed a treaty with foreign powers designed to prevent rum running into this country and to settle the objections of other powers to the American rum running regulations, it was learned today on the highest authority.

This treaty would have two broad objects:

1—It would extend the three mile limit of the sovereignty of the United States to twelve miles in connection with rum running.

2—It would permit foreign vessels of nations agreeing to the treaty to bring "ration" liquor under seal into the American territorial limits for use on the homeward voyage but not in American ports.

The treaty as proposed is entirely in keeping with the Volstead law as construed by the supreme court, officials here believed.

It would not relax in the slightest degree the regulations against the use of beverage liquor even by the crew of the foreign ships while the ships are in American waters. During their stay in United States ports liquor intended for the use of the ship's crew would have to remain under seal. The treaty would simply permit ships of those nations whose laws require wine rations for crews to bring in enough under seal to provide for the homeward trip.

Congress alone has power to permit the use of beverage liquor in American ports, President Harding has held. President Harding has approved the proposal which was made by Secretary of State Hughes. Ambassador Jusserand of France was one of the first diplomatic representatives to whom Hughes has mentioned the plan.

FIRM OF HARGROVE AND MULLIN IS DISSOLVED

Raymond C. Hargrove Retires From
Business and Robert Vredenburg
Becomes Partner

IN BUSINESS HERE 38 YEARS

The oldest drug firm in Rushville Hargrove and Mullin, dissolved Tuesday, marking the retirement of the oldest druggist in Rushville, Raymond C. Hargrove, who has been in the drug business here thirty-eight years, all but ten years of which time was spent in the room where the store is now located.

Bert Mullin continued as a member of the firm and Robert Vredenburg, who has been with the store for the past ten years, became a partner of Mr. Mullin's in the business. Mr. Vredenburg resigned his position at the store last week to go with the Ohio Chemical company as a traveling salesman and had been representing this firm a few days when he was given the opportunity to become interested in the store with the retirement of Mr. Hargrove.

The Hargrove and Mullin store originally belonged to Finney and Helm and was purchased by Lon Stewart, and Mr. Hargrove became his partner. In a few years he sold his interest to the late C. F. Mullin and Mr. Mullin's sons, Bert and Howard, the elder, having been associated with the store for twenty-five years. He bought Howard's interest several years ago and since that time has been a full partner with Mr. Hargrove. Howard Mullin moved to Huntington where he now owns a drug store.

Mr. Hargrove expects to take a long vacation and has no plans for the future.

EFFORT TO BLOW SAFE FAILS

Night Policeman Reports Yeggman
Being Frightened Away

What is believed to have been an attempt to blow a safe in the Sanley Barber shop, 127 East First street, was frustrated early Sunday morning, it became known today. Patrolman Will Havens, who has been off duty this week on account of illness, stated this morning that he was standing on the court house corner at two o'clock Sunday morning, and "Chuck" Taylor, who resided above the barber shop, informed him that someone was in the building below his apartment.

The officer investigated and with William Denny, merchant police, discovered a side door open, and a further investigation on the inside revealed that the prowlers had buldozed the combination off the safe, probably making arrangements to place a charge of explosives. The safe contained about \$25, it is understood.

BALKANS CALLING TROOPS TO COLORS

Urgent Measures Taken To Pre-
vent Bulgarian Revolt And Coun-
ter Revolt From Spreading

ALARM IN FOUR CAPITALS

Mobilization Of Thousands Of Fresh
Troops And Extension Of War
Reported From Sofia

(By United Press)
Athens, June 13.—Four Balkan states called troops to the colors today and rushed reinforcements to their borders.

Urgent measures were instituted to prevent the Bulgarian revolt and counter revolt from spreading. Mobilization of thousands of fresh troops and extension of civil war, reported from Sofia, caused alarm in Belgrade, Bucharest, Athens and Prague.

In Budapest, the Hungarian capital on the other hand, it was reported that news of the trouble in Bulgaria had been greeted with rejoicing, and that secret mobilization of three classes had taken place.

Greece today instituted war time measures to reinforce the Greek-Bulgar frontier.

Jugo-Slavia called up a thousand reserve officers and hurried additional troops to the border with ammunition and supplies.

THREE COMPLAINTS ARE FILED IN COURT

Stella M. Hilligoss Seeks Divorce
\$500 Alimony And Weekly Allow-
ance From Husband

TWO SUITS ON ACCOUNTS

Three complaints were filed today in the circuit court, one complaint being filed for divorce by Stella M. Hilligoss against Claude Hilligoss, in which the plaintiff also seeks attorney fees, weekly allowance and \$500 alimony.

The other complaints were by J. C. Ellman and Son against William L. Wilkinson, a complaint on a note and account, demanding \$516 judgment, and one complaint by Conifer and Hunsinger against Oscar Hood, a suit on an account for foreclosure of a garage lien, demanding \$150.

In the divorce complaint, Mrs. Hilligoss alleges that they were married October 10, 1904 and separated May 31, 1923, and that during their married life, he was lazy, possessed a high temper and had threatened to do her bodily harm. He also is charged with accusing her falsely of being intimate with other men. She asks \$25 attorney fees, \$500 alimony, custody of a 9 year old child and \$6 a week support. Another child, 17 years old, also is mentioned in the complaint. The jury which had been ordered for today was called off last night, and the case set for today was continued.

HIGHER GRADE IS GIVEN 2 SCHOOLS

Webb And Manila Granted Con-
tinuous Commissions Follow-
ing Annual Inspection

RANK OF OTHER SCHOOLS

Six High Schools Have Commis-
sions Renewed For Another Year
—Some Accredited Schools

The Rush county schools have gone forward another step, as Webb high school in Rushville township and Manila high school in Walker township, have been placed on the list with a continuous commission, doing away with the annual inspection and grading of the schools.

B. D. Farthing, county school superintendent, has just received the list of standing of the schools, following a survey and report made by W. E. Waggoner, state deputy high school inspector. It is hoped that next year all of the schools in the county will be on the continuous commission basis.

The following schools had their commissions renewed for another year: Milroy, New Salem, Moscow, Arlington, Carthage and Raleigh. New Salem ranked close to a continuous commission and if the school house yard is graded and drained properly next year, it will be moved into the honorary list. Raleigh also is expected to jump into that class next year, the report stated.

The survey also lists the Center township high school with a four year certificate, and it becomes an accredited school for that term.

The Homer high school in Walker township had its diplomas extended, and it will be an accredited school for an additional two years.

The high schools at Gings and Glenwood, each in Union township, were also accredited for three years.

There are many elements that enter into the listing of schools, and in order to be placed on the continuous basis, it is necessary for the school to grade above 95, and school officials of Rush county will put forth a big effort to have all schools ranking in the continuous class as soon as possible.

AUTO KILLS CHILD

Plymouth, Ind., June 13.—Elizabeth Franklin, a six year old girl, was killed late Tuesday night when she was struck by an automobile driven by Edwin Davis, of this city. Her sister, Catherine received serious injuries and physicians are doubtful whether she will recover.

ARRESTED FOR THEFT OF AUTOMOBILE TIRE

Ernest Pitman of Near Orange
Brought to Jail by Horse Thief
Detective Association Constable

LATELY ACQUITTED BY JURY

Ernest Pitman was arrested shortly before noon today at his home in Fayette county, east of Orange, and brought to jail here by Ozro Farthing constable of the Rush County Horse Thief Detective association, the charge being for the theft of an automobile tire which he is alleged to have stolen Tuesday from Howell Brothers, First and Main streets.

The alleged theft took place during the noon hour, and suspicion was directed upon him, because it is said that he had just made inquiry concerning the purchase of the tire. Farthing was accompanied by Roy Culbertson, an employee of the vulcanizing shop, and it is said that the stolen tire was found on the automobile. Pitman is said to have admitted the theft to them when he was arrested.

The defendant is the same person who was acquitted in court here several weeks ago on a charge of larceny, in connection with the theft of furs from Oneal Brothers. At that time the alleged theft was traced to Pitman by members of the Horse Thief Detectives association, but the jury acquitted him on the grounds that all furs looked alike, and because the defendant had established a fairly good alibi.

It is understood that the grand jury, now in session, will investigate the affair that was brought to light today. No charge has been preferred against him, and he is being held without bond in jail.

BOY SCOUTS IN A FROLIC AT PARK

Seventy-Five Compete For Prizes
And Enjoy Lunch As Guests Of
Kiwanis Tuesday Evening

WINNERS ARE ANNOUNCED

Members Of Rotary And Kiwanis
Clubs Note Improvement Being
Made In The City Park

Approximately seventy-five Boy Scouts of Rushville enjoyed a frolic at the city park Tuesday evening as the guests of the Kiwanis and Rotary clubs, competing for prizes in a series of athletic events and eating a picnic lunch, which was topped off with lemonade and ice cream cones.

There were no prizes for the boy who put away the most cones, but some of the boys were claiming credit for having consumed eight.

More than seventy "Kiwanis" enjoyed the outing, watching the youngsters compete for honors in the sixty-yard dash, horse and rider contest, sack race, three-legged race and climping contest.

The potato race had to be called off on account of darkness and was postponed until Saturday afternoon at two o'clock, when it will be held at the city park under the direction of Albert F. Cotton, director of physical education in the Rushville schools, who had charge of the events last night.

Two of the choicest prizes of the whole lot are offered in this event. To the winner of the contest will go a watch and chain from the Abercrombie's jewelry store and the second prize will be a kodak album from Pitman and Wilson's drug store.

Members of the two clubs noted the improvements that have been made at the city park this summer and complimented Walter F. Easley, chairman of the park board, for this interest and work in beautifying the park. A number of picnic benches have been built around trees for the convenience of picnickers. A dozen iron benches also have been placed in the park and some new playground equipment is being added.

The winners of the various prizes were as follows:

- 60 Yard Dash
(For Senior Scouts)
1.—Marland Alexander, a bathing suit from Knecht's O. P. C. H.
2.—Eugene Mervell, hair cut and continued on page three

GRAND JURY IS CONVENED

Investigators Sworn in by Judge
Sparks at 9 A. M. Today

The Rush county grand jury was convened this morning by Judge Sparks, who, instructed them, and swore them into service at 9 o'clock and a long list of witnesses was on the waiting list ready to testify before the investigators. On account of the long lapse of time since the grand jury has been used, it is intimated that there are several matters to be taken up and they may be in session several days before a report of their findings is made.

It is usually the case for the grand jury to probe matters for the state relating to criminal affairs of recent dates, involving persons who are either in jail or on bond with an affidavit filed against them.

FLOODS RAVAGE TWO STATES IN NORTHWEST

Sweep Across Oklahoma and Arkan-
sas, Threatening Greatest Water
Damage in 20 Years

THOUSANDS MADE HOMELESS

Flood swept across Oklahoma and Arkansas today, threatening the greatest devastation from water in twenty years.

Thousands of families already have been made homeless as the raging rivers, swollen by torrential rains in Kansas, carried away houses in the lowlands and caused other extensive property damage in Tulsa, Kaw City and northern Oklahoma.

Families in the lowlands near Fort Smith and Little Rock have fled to safety before the rapidly rising rivers and highest water mark since 1892 is anticipated in the Arkansas river.

Rail communications with the flood zone were paralyzed. Wheat and other crops have been seriously damaged.

Tulsa, Oklahoma reported the worst flood in its history. Four thousand residents of lowlands vacated their homes before the swirling murky wall of water inundated them. West Tulsa was completely under water and rescue workers were rowing about the business district removing marooned persons.

Strict police regulations have been established to prevent vandalism. The water works has been put out of commission and there is danger from disease and fire.

COLUMBUS MAN IS HURT IN AUTO SPILL

Ralph Drake Suffers Broken Arm
When His Machine Upsets 5
Miles East Of Rushville

CROWDED INTO DITCH

Ralph Drake, 1623, Tenth street, Columbus, Ind., sustained a broken left arm at the wrist, when the large Reo touring car in which he and his wife were riding, upset in the ditch on the road five miles east of Rushville shortly before noon today.

Mr. and Mrs. Drake were driving west and in attempting to pass another machine going in the same direction they went into the ditch. The other machine was pulled to the center of the road and the Columbus machine got beyond control, and flopped upside down in the ditch.

The top of the machine was completely wrecked, a front wheel was broken off, the windshield demolished and the right fenders and running board were broken.

Mr. Drake was removed to the offices of Dr. J. E. Walther in Glenwood and the broken arm was set. One bone was broken at the wrist, and the other bone was sprained. Mrs. Drake escaped with bruises and scratches.

BOY TUCKED IN BED

Indianapolis, Ind., June 13.—A squad of motorcycle policemen wearily dragged the canal here early today for the body of Alfred Jones, a six year old boy. When they gave up the search as hopeless, they went to the boy's home and found him tucked away in bed.

REGARDED AS REAL LEADER OF WETS

Little Stock Put in Reports in Mid-
dle West That Gov. Smith Will be
Democratic Candidate

EVADES NEWSPAPER MEN

Full Sized Boom For President Gets
Under Way at Banquet by Chicago
Democrats

By P. B. SCOTT
(U. P. Staff Correspondent)

French Lick, Ind., June 13.—Governor Al Smith of New York arrived here today for a ten day vacation.

"No interviews, no posing for pictures," snapped the governor as he walked up to the hotel. "I'm on my vacation. If you can snap the picture, alright, but I'm not going to stop."

To those who know the governor this is an unusual attitude. He usually grants any reasonable requests made by a newspaper man. But this morning there was nothing doing.

He just turned them down cold, flat and hard. The governor flatly refused to discuss his stay in Chicago or his conversations with political leaders while there.

Governor Smith, if opinion from all sorts and conditions of people is indicative of public opinion, is regarded in the middle-west as the real "wet" leader of the country.

Little stock is placed in reports that the governor of the Empire state is seeking the next presidential nomination on the Democratic ticket. It is believed on this way that he cannot be named to head the ticket because he is too wet.

It is felt that he has done more than any other man to focus attention on the Volstead act, and that in signing the Mullan-Cargo repealer in his home state he has paved the way for concerted action seeking to bring about modification of the federal prohibition act.

Indiana may be predominantly dry in sentiment, but observation of the most casual kind shows a large element in favor of modification of the Volstead law. And this element is pinning its hopes to Smith.

There is a belief here that Smith will lead the wet hopes in their fight. His appearance here is expectantly awaited. Smith has succeeded in dodging newspapermen since Monday night in Chicago.

He was due to arrive here at Tom Taggart's hotel yesterday morning. Continued on Page Three

RUSHVILLE MEN IN MIRACULOUS ESCAPE

Five Unhurt When Machine Topples
Over Embankment While Enroute
To Cincinnati

CROWDED OFF ROAD BY BUS

Five Rushville men, Bert Conde, Earl Conway, Will Meyers, John Madden and Thomas Geraghty, all escaped miraculously from an automobile accident Tuesday morning about 7 o'clock, near Metamora, when the machine belonging to Bert Conde went off the Brookville road, overturned, twice and landed on its side at the bottom of a 30 foot grade.

The five Rushville men were enroute to attend the Latonia races, and according to their story, they were crowded off the road by the Rushville-Brookville bus, owned by Will Hardwick of this city. The bus failed to stop after the accident, they said, and the driver when questioned about it, couldn't recall passing a machine.

When the Buick touring car turned over, all five men were held inside of it, and a large tree at the bottom of the embankment prevented the machine from rolling into the canal, and which would have probably resulted fatally. All of the men were bruised and cut, but they continued the trip by rail to the races.

The machine was a practical wreck, and Mr. Conde carried no insurance. The wreck car was brought here and it will require several hundred dollars to make the repairs.

AMUSEMENTS

Horse in A Leading Role

Did you ever see a horse that aids in love making? There is a horse out in California that not only aids his master in affairs of the heart, but actually forces the love campaign to a rapid conclusion. "Tony," the wonder horse of the films, enthusiastically plays "his role with Tom Mix in the William Fox production, "2 Jumps Ahead," which is being shown at the Mystie Theatre today.

One of the scenes in this swiftly moving tale of the Western plains calls for some extremely diplomatic work between Tom Mix and Alma Bennett, who plays the daughter of a mining prospector. There had been a misunderstanding which soft words and a sincere apology had not corrected.

Mix and the girl were standing on a small knoll with "Tony" listening attentively just behind his master. The horse lowered his head and butted Tom into the girl. Mix cautioned "Tony" and moving two feet from the girl, started his explanation all over again. But things were not moving fast enough for "Tony," and he kept butting his master until the couple stood at the foot of the slope. Then either the girl's sense of humor came to the rescue, or the constant prodding of "Tony" added inspiration to Tom's words, for a definite understanding was quickly reached. "Tony" with a knowing wink that seemed to brag about the way he had with the ladies, trotted off behind the couple walking arm in arm.

"The Ne'er-Do-Well" a Success

Thomas Meighan's latest Paramount star picture, "The Ne'er-Do-Well," will be seen today and Thursday at the Princess. This is a wholesome, sparkling production directed by Al Green.

Thomas Meighan, as Kirk Anthony, is the wayward son of a railroad magnate. While carousing with several of his associates he meets a crook who pretends to be a detective. This fellow suggests to Kirk's companions that it would be a great joke to ship Anthony to Panama without a cent in his pockets. No sooner said than done.

Many are his exploits in the Canal Zone. He obtains a position on a small railroad, makes good and finally falls in love with a beautiful Spanish girl (Lili Lee). His father is curious about his son's welfare and comes down to view the situation. Kirk introduces him to his wife, and he is so delighted at finding her so charming that he takes them both back to the States to teach them modern railroading.

It seems that every picture that Mr. Meighan appears in, goes the previous one a little better. "The Ne'er-Do-Well" has many interesting situations. There is a clever supporting cast headed by Lili Lee.

In addition to the regular programs the latter half of the week, the Lucky Miami Seven, an orchestra that has appeared here before, will play a concert at each show.

REGARDED AS REAL LEADER OF WETS

Continued from Page One

but he had not put in his appearance up to a late hour last night, and no reports of his leaving Chicago had been received.

One report was that Taggart was bringing the governor down by motor. Taggart was not at his hotel all day yesterday.

One of the first persons the governor met in Chicago upon his arrival there was George Brennan, political boss of Illinois. Brennan is a wet of the dripping variety. The governor also met Mayor Dever of Chicago, another wet.

What transpired between the three in the nature of political conversation has not yet been disclosed. It is believed, however, that the Volstead law was discussed to some extent.

By EDWARD C. DEER

(C. P. Star, correspondence)

Chicago, June 13.—An Al Smith for President boom is on among Chicago Democrats today.

The New York government, the guest at a dinner given by fifty leading Democrats last night, was toasted as "a type of man the middle-west likes" and "a man we hope to welcome later as a holder of a higher office than that of governor of New York state."

At Smith's request, speakers made no direct reference to his being a

presidential possibility. Between the dinners and in the coat rooms of the "executive" banquet, however, the topic was about the only one discussed.

Mayor Wm. E. Dever "started the ball rolling" by welcoming Smith as the "type we will always welcome."

"You are the type of man the middle-west likes," said Dever.

The men who attended the dinner are all powers in the Democratic party. They included Wm. Wrigley, Jr., C. C. Fitzmorris, Robert Upham, James E. Gorman, J. J. Rordain and others. The dinner was given by George E. Getz.

Smith and his party is to arrive in French Lick, Ind., for the meeting with Tom Taggart, Indiana Democratic chief early today. Later the group will be joined by George Brennan, Illinois bourbon "boss."

**BIBLE THOUGHT
—FOR TODAY—**
Bible thoughts remembered will prove a
precious heritage in after years.

Lasker's Record

Few federal officials have had a more brilliant record of achievement than Chairman Albert D. Lasker of the shipping board who concluded two years of service on June 12. Attached to his resignation, he submits to President Harding a review of what has been accomplished since he assumed the chairmanship and recommends a merchant marine policy for the future.

Mr. Lasker found the affairs of

the government merchant fleet in chaos when he took charge. The outlook was one of "stark hopelessness," which the president referred to as "the mess so great and unbelievable." Deficits were accruing at the rate of \$16,000,000 a month, claims against the shipping board aggregate \$200,000,000; there was a cash balance in the treasury of only \$4,000,000, and surplus property was on hand that had cost hundreds of millions. The new chairman's first act was to take an inventory, following which the surplus has been rapidly turned into cash, and there is now in the treasury a deposit of \$125,000,000. Expenses of ship operation have been curtailed until the monthly deficit is now only \$4,000,000, and the claims have been settled at the average rate of twelve cents on the dollar.

Chairman Lasker's record as a salvager of public property is remarkable, but his program and predictions for the future of our merchant marine are still more encouraging. He and every other friend of our shipping industry are convinced that the best solution of the problem was contained in the ship aid bill defeated at the last congress by the filibuster. The passage of that measure would have taken the ships out of government operation and put them in the hands of private capital. The only alternative is government operation of its ships until such time as they can be profitably turned over to private owners.

Paying in Goods

It has been said that the United States must permit other nations to pay their debt to us in goods, as they have no money. Well, we are doing just exactly that, and under a protective tariff law. In the month of March other nations sent us goods to the value of \$60,000,000 in excess of the value of goods we sold them. They paid their debts at the rate of \$2,000,000 a day in goods. What the free traders want, they are getting under the protective tariff. They said the tariff would bar our imports, but the record shows they were badly mistaken. We are importing the goods, but not at the low and ruinous figure that would prevail if the tariff for revenue only law were still on the statute books.

Monday, June 15, 1908.

Rush county will send a delegation to the twelfth International Sunday School convention which will be held in Louisville, Kentucky.

Among the Rushville people attending the Chicago national convention this week are: For Biggs, Will Bliss; Charles Edgerton, Congressman Watson, Ernest B. Thomas, Mr. and Mrs. A. L. Stewart, J. W. Tompkins, Frank Lyons, Owen L. Carr and Tom J. Geraghty of the Daily Republican.

The Ladies of the First Presbyterian church will give a garden party the middle of July at the home of Mr. and Mrs. Douglas Morris.

Dr. W. E. Smith recently purchased a new automobile which was contended as a "high water" wagon by the denizens of the county and as a money and trouble saver by the owner and his son, Dr. W. C. Smith, as it is a narrow tread machine with solid tires instead of pneumatic which naturally would save the old tire break, but the doctor and son "back up" and say that it is not the labor saving machine as suggested but that each day it needs some time to make mends.

Miss Mary Neutzenhelzer and Louis Lytle went to Terre Haute today to visit Miss Hazel Lytle and attend commencement exercises at St. Mary's of the Woods school.

Roy Mitchell and wife of Connersville, spent Sunday in this city with Edward Benedict and family in West Fifth street.

Misses Ethel and Frieda Flint have returned to Danville to resume their duties in school work there after visiting their parents here for a few days.

Bert Simpson of Indianapolis visited J. R. Carmichael in this city yesterday.

Mr. and Mrs. Stephen Kelley of North Jackson street entertained last night the "Merry Widow" club at a six o'clock dinner.

Ben Cox, who underwent an operation at the Sexton sanitarium recently, is improving nicely.

Miss Georgia Wyatt and Mrs. J. D. Case are visiting Mrs. W. W. Sniff in Paris, Ill.

Fred McCloud and family of Indianapolis attended the regimental K. of P. Review yesterday and were the guests of Mrs. McCloud's parents, Squire Krutzer and wife in West Fifth street.

Miss Millicent McCrady of Pittsburgh, Pa., is the guest of Miss Frances Sexton in North Main street.

CAN BEAT OHIO RECORD

Kendallville, June 13. —Noble county citizens believe they can beat the record of Mrs. Lillian Wiechedach, of Ohio who lays claim to being the youngest grandmother.

Mrs. Matilda Addis, who lives a half mile east of Kimmell, was a grandmother at the age of 34 and a great grandmother at the age of 54. Mrs. Wiechedach was 36 years old at the time of the birth of her first grandchild.

CAMP SEASON WILL BE OPENED JUNE 25
Camp Croseley, Sponsored by Muncie Y. M. C. A., is Not Conducted For Profit or Gain

IS AN AID TO YOUNG BOYS
By HEZE CLARK
(Written for United Press)
Indianapolis, Ind., June 13—Perhaps the greatest problem confronting parents as the summer vacation starts, is "What Shall we do with little Cuthbert?"
School is out, and the restless spirit of Young America does not know just how to spend itself.
There are many good boys' camps in various parts of Indiana. Most of them are reasonable in cost, and are well located on beautiful lakes and rivers.
Possibly one of the most complete and popular boys' camps is Camp Croseley, situated in Kosciusko county, seventeen miles northeast of Warsaw. It consists of a seven acre tract of wooded land on the shore of Lake Tippecanoe.
The camp was given to the Muncie Y. M. C. A. and Mrs. E. B. Ball, in memory of their son Croseley. It is not conducted for profit and its principal purpose is character building.
The season for the camp starts June 25, the week before being devoted to the Leaders' Training camp.

How to build up your Weight
To be under weight often proves low fighting-power in the body. It often means you are minus nerve, power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus.
That's why S.S.S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S.S.S. will build them.
S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

FIGHTERS HAVE 2 THINGS IN COMMON
Dempsey and Gibbons Pick Training Camps in Montana, But There Is a Vast Difference in the Two Places
By HENRY L. FARRELL
(U. P. Staff Correspondent)
(Copyright, 1923, by United Press)
Great Falls, Mont., June 13—An honest-to-goodness town with two story houses, street cars and paved streets, Jack Dempsey, the world's heavyweight champion, is getting ready for his fight with Tommy Gibbons, July 4.
Shelby, where Gibbons has pitched his camp and the spot where Dempsey is training have only one thing in common—they are both in Montana.
Down here in Great Falls the trees stick out of the ground, the grass grows green, the girls wear skirts and the boys have their shoes shined. This town has hotels with bell hops and signs to hang on the door at night—"do not disturb"—while customers carry their own luggage in Shelby hotels and it is the latest fad there to go around pounding on the doors at sunrise.
Like the two towns, the training camp of the champion and challenger differ widely. Gibbons works in a sun-baked, alkali-dried bit of bareness on the side of a hill. Dempsey trains in a spot on the Missouri river, fringed with trees, fanned by cool breezes and facilitated with all modern conveniences.
Dempsey likes his training camp and Gibbons is satisfied with his, and of course they are doing the fighting. Gibbons has been working several days and looking at "rodeo suckers" while Dempsey has been working a little and going fishing. Gibbons looks to be in splendid shape but nothing positive is known of Dempsey's condition.
Dempsey did not work yesterday and his training camp was closed to visitors, even to newspapermen. Some were told that the champion was sleeping, and word was given to others that he was out riding. He promised to resume boxing this afternoon.
Great Falls is getting even more out of the fight boom than Shelby. Practically all of the newspapermen are staying in Great Falls because of the poor accommodations at Shelby, and early arriving fans are establishing their headquarters here for the same reason.
Great Falls, too, is showing more real interest in the fight, because the viewpoint here is not so much for making money. Hotel rates have been boosted and hungry strangers can get a good meal for the price of dessert in Shelby. Practically all of the tickets allotted to Great Falls have been sold.
Gibbons said in Shelby last night that he was going to "knock off" several days in his training schedule as Dempsey has been doing, to avoid danger of getting "to fire."

The Score Board

Babe Ruth knocked his 13th homer of the season with two on but it was not enough to save the Yanks and Cleveland won 8-4.
The Athletics socked Pilette for eleven hits and defeated the Tigers 7 to 3.
The Browns got only three hits off Walter Johnson in seven innings but they were good for three runs and Washington lost 3 to 1.
The Red Sox pushed the White Sox into the cellar, defeating them 10 to 4.
Cooper had a shade the best of it in a pitching duel with Nelf and the Pirates beat the Giants 4 to 2.
"Hack" Miller single handed drove in seven Cub runs and Chicago beat the Braves 12 to 11 in a fence busting affair.
An error by Jimmy Johnston, let the Cards score the necessary run to win over Brooklyn 5 to 4, evening up their series.

BANNING WITH ARRELL

Johnson Stages Comeback
By HENRY L. FARRELL
(United Press Sports Editor)
Not the least of the comebacks that have added so much color to the 1923 sport season and one of the most prominent of the veterans who have been tearing down the old idea about youth's advantages over age, is Ban Johnson, president of the American League.
Ben is back in the political saddle of baseball, apparently just as strong as ever, after having been thrown out three years ago.
After making the American League Johnson made the mistake of over-reaching himself and his assumption of the role of baseball dictator became so obnoxious to some of the American League club owners and all of the National League magnates, that an organized campaign was adopted to curb his power.
With the support of five American League clubs, Johnson was able to resist the attack of the New York Yankees, the Chicago White Sox and the Boston Red Sox, but he was forced to capitulate and virtually abdicate when the National League clubs joined forces with the Yanks White Sox and Red Sox and threatened to form a new twelve-league club.
Johnson was thereby clubbed into agreeing to a new form of government in which Judge K. M. Landis was made commissioner of baseball and was vested with all the power that Johnson had taken unto himself.
Until this spring, Johnson had remained in passive submission to the new order of things but he has broken out now by killing off the enemies within his own family circle and there is no telling how far he will go.
With all the faults... of vanity, greed for power and ingratitude, Johnson's enemies have held him up as possessing, it must be admitted that Ban Johnson was responsible for the prestige that the American League enjoys and that his achievements show that he has sought as much to make the American League prosper as he has to advance his

Governor Of New York To Make It Hard For Democratic Party To Reject His Wet 1924 Plank

TO BE IMPORTANT MEETING
May Gorm Smith-Taggart-Brennan Wet Plank Or Counter Movement Against Wets May Develop
By LAWRENCE MARTIN
(U. P. Staff Correspondent)
Washington, June 13.—Governor Al Smith of New York is going to make it hard for the Democratic party to reject his wet plank in 1924. With the assistance of Tom Taggart of Indiana and George Brennan of Illinois, with whom he will pow-wow at French Lick, Smith is in a position to put in a hole the Democrats who either want to avoid entirely the prohibition issue in 1924 or to pussy-foot on it.
Two developments are likely to grow out of the French Lick conference. These are:
1.—Formation in definite terms of the Smith-Taggart-Brennan wet plank.
2.—A counter movement by other Democrats to head off the wet triumvirate, preventing their domination of the 1924 Democratic convention or its resolutions committee.
No political conference in years has so riveted Democratic attention as this one. Whether Smith intends to be a presidential or vice presidential or a Senatorial candidate, or no candidate at all is beside the question to Democratic politicians and his denials of presidential aspirations mean nothing to them. The point of the conference is whether the Smith-Taggart-Brennan group and the political idea they represent shall dominate Democratic party destiny.

Mrs. Wilmer Brown will be hostess to the members of the Thursday Afternoon Bridge Club Thursday afternoon at her home in West Tenth street.

Mrs. Glen Foster entertained the members of the Tuesday Evening Bridge Club Tuesday evening at her home in North Main street.

Refreshments were served by the hostess at the close of the card games.

Mutux Circle No. 51, Ladies of the G. A. R., will hold their regular meeting in the assembly room of the court house Friday afternoon at two o'clock. Following the business session Flag Day will be observed and a social will be held, elected to department officers at the honoring the members who were conference in Munich.

The Misses Naomi, Ruth and Kathleen Hobbs were charming hosts for the Iota Xi picnic and pitch-in supper given Tuesday afternoon and evening at the home of Mrs. Allan Blackledge, north of the city, honoring the sorority pledges and the college members who have returned to their home for the summer. On account of the inclemency of the weather the picnic was abandoned, and the girls played bridge in the afternoon. The home was very attractively decorated for the occasion in bouquets of pink roses. At 6:30 the tables were prepared for the delicious pitch-in dinner and about forty guests enjoyed the repast. The pledges of the sorority are the Misses Katherine Blount, Louise Innis, Margaret Fisher and June Lightfoot.

News has been received of the marriage of Miss Marian Wilson and Lowell H. Henley which took place Tuesday evening at four o'clock in Cincinnati at the Walnut Hills Christian church. The Rev. J. H. Mac Neill performed the ceremony. The members of the immediate families were the only attendants.

The bride, who is the only daughter of Mrs. Ora Frazee Wilson, of Lexington, was graduated from Hamilton College, and is a member of the Chi Omega fraternity. Mr. Henley is the son of Hiram H. Henley, of Carthage, and was educated at Purdue University and is a member of the Sigma Alpha Epsilon fraternity.

After a short stay in Lexington, Mr. and Mrs. Henley will motor to Miami, Florida, where they will make their home.

The section of ladies captained by Mrs. Hallie Baldwin, entertained the remaining members of the Pastor's Ladies Aid Society of the Main Street Christian church Tuesday afternoon in the Sunday school department of the church. A business meeting, during which many matters pertaining to the society were discussed, preceded the interesting program. Miss Virginia Lucas rendered two piano selections and Mrs. Bertha Green sang two vocal numbers. A group of readings was given by Forest Carter, little son of Mr. and Mrs. Ed Carter, which were highly appreciated. At the close of the program refreshments of sandwiches and coffee were served.

BALKANS CALLING TROOPS TO COLORS

Continued From Page One

Checo-Slavia, further removed from the storm center, watched with anxiety and prepared for possible military action. At Prague, it was confirmed that Bulgaria was partly mobilizing in defiance of the treaty which ended that country's participation in the World war. A bad impression has been created in other Balkan capitals by this knowledge.

At Belgrade, the crown council decided to request Bulgaria to demobilize immediately what volunteers, have been enrolled in excess of the number allowed by the treaty of Naully. The Zankoff ministry struggling to put down a growing peasant counter revolt, has appealed for more enlistments.

Former Premier Stamboulsky overthrown by the Zankoff coup d'etat Saturday still is variously reported dead, captured, surrounded and leading a strong band of peasants and hill tribesmen toward Sofia.

One at least of Bulgaria's neighbors is reported to have greeted the success of "wites" headed by the Professor-Premier with enthusiasm. Hungary is reported to have secretly called up the classes of 1900, 1901 and 1902.

A report this afternoon, was to the effect that the youthful King Boris, and ex-King Ferdinand, were the main instigators of the revolution that deposed Stamboulsky. The latter's anti-Royalist tendencies were feared by the Bulgarians monarchists to conceal intentions to effect a confederation of Bulgaria with Serbia.

Former Bulgar Premier Killed

London, June 13.—Former Premier Stamboulsky of Bulgaria, was killed Tuesday by troops of the new Zankoff government, according to a central News dispatch from Vienna quoting Sofia advices. The report is unconfirmed.

Soldiers of the new government, which was established by a bloodless coup d'etat Saturday, surrounded the former peasant premier in a forest at Salvovitza and killed him after he had attempted resistance at the head of a handful of loyal followers, according to the Central News.

Other dispatches say Stamboulsky's capture, alive, is expected momentarily, while others describe with few details what is believed to be a serious counter revolution.

Bulgaria is believed by officials here to be settling in the initial stages of civil war, which a strict censorship prevents what correspondents have penetrated to the capital from describing. Only information favorable to the new government comes direct from Sofia.

Dispatches from Vienna, Athens and Belgrade still hint at an important counter revolutionary success by hill tribesmen who were re-

SHOWS PROGRESS OF THE COLORED RACE

Rescoe Conkling Simmons Speaks To Large Audience At Coliseum Tuesday Evening

INTRODUCED BY J. E. BEAN

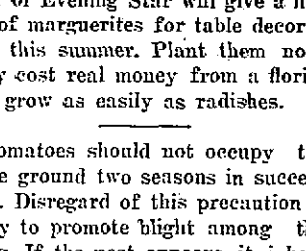

Covering the progress of the colored race for the past fifty years Rescoe Conkling Simmons delivered a remarkable address at the Coliseum in the city park Tuesday evening, under the auspices of the Second Baptist church. Judge Will M. Sparks opened the meeting with a welcome address and Mr. Simmons was introduced by Prof. J. E. Bean.

The speaker asserted that the white man is the colored man's best friend and that the colored man is the white man's only friend. He showed the loyalty of the colored man to his country and his flag by recalling his brave deeds in wars of the past. In showing the progress of the race, he referred to the large number of unmortgaged homes owned by colored people, that could not be found 25 years ago. The speaker spoke of the need of continued friendly relations between the races.

"The white man is king of the earth," he said, "because of his endeavor to leave a heritage to posterity."

A large audience enjoyed the lecture, as well as music by the second Baptist church choir and a solo by Miss Leona Fletcher. The entertainment committee was composed of the following:

Gilbert Morris, chairman; the Rev. A. Marks, pastor of the Second Baptist church; Prof. J. E. Bean; Will Frazier; the Rev. C. T. Parker, pastor of the Wesley M. E. church; Dr. F. H. Bunton, pastor of the Second M. E. church of Connersville; and Allen Daniels. Mr. Simmons was entertained in the home of Mr. and Mrs. Will Frazier.

Tomatoes should not occupy the same ground two seasons in succession. Disregard of this precaution is likely to promote blight among the vines. If this pest appears it is best to destroy the vine and spray the remainder with bordeaux mixture.

HELP FOR EXPECTANT MOTHERS

Many Cases Reported of Women Being Kept in a Normal, Healthy Condition by Lydia E. Pinkham's Vegetable Compound

Mothers transmit to their children the blessings of a healthy constitution. How important, therefore, for the child, as well as for the mother, that she should carefully guard her health during the trying pre-natal period. Preparation for a healthy maternity is accomplished by the use of Lydia E. Pinkham's Vegetable Compound, as evidenced by the following letters:

Trenton, N. J.—"I took Lydia E. Pinkham's Vegetable Compound before childbirth on the advice of my mother for nervousness and weakness. I was irritable, cranky and easily worried. Housework seemed so hard, and at times I was really unfit to do it. Lydia E. Pinkham's Vegetable Compound overcame this condition, my nervousness disappeared and I felt like a different person entirely, and I hope this letter will lead other women who are in this condition to try it."—Mrs. L. ROCKOVER, 188 Kirkbride Avenue, Trenton, N. J.

It Helped Mrs. Harris
Miami, Mo.—"I was a nervous wreck before my child was born and often had to remain in bed with cramps and sick stomach. A friend recommended Lydia E. Pinkham's Vegetable Compound and I gained strength and health. It is unequalled for this purpose and I recommend your medicine at every opportunity."—Mrs. J. W. HARRIS, Lone Maple Farm, Route 2, Miami, Mo.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.
